Permit No. QC 707

PERMIT FOR ENTRY INTO CALIFORNIA OF
IN-SHELL AND IN-HUSK WALNUTS FROM MISSOURI

Under authority of Title 3, California Code of Regulations (CCR), Section 3154 (Secretary May Issue Special Permits), permission is granted to:

Oskar Thorvaldsson
Manoela Moreira
Self-Health Resource Center/Nutritional Supplement Manufacturers, Inc.
1055 Bay Boulevard, #A
Chula Vista, California 91911

to import into California a maximum of 10,000 pounds of in-shell and in-husk *Juglans nigra*, "black walnut" from Missouri, which would otherwise be prohibited by CCR Section 3273, Walnut and Pecan Pests Exterior Quarantine, under the following conditions:

1. The source of the walnuts shall be Hammond Products, 217 Hammonds Drive, Stockton, Missouri, 65785.
2. All walnuts shall be frozen solid prior to arrival in California.
3. A copy of the permit must accompany each shipment of approved organisms, either inside or outside the package (California Food and Agricultural Code, Section 6305).
4. The shipment of walnuts is subject to inspection upon arrival in California. The arrival of each shipment shall be immediately reported to the office of the San Diego County Agricultural Commissioner at (858) 694-2739.
5. The walnuts shall be immersed in 50% alcohol immediately after arrival in California and shall remain immersed in the alcohol solution for a minimum of three days total or the frozen walnuts shall be ground into powder.
6. The permittee shall immediately notify the county agricultural commissioner if any live serious plant pests are found in association with this plant material.
7. After the alcohol solution has been decanted from the walnuts, the walnuts shall be disposed of by burial at the Otay Landfill located at 1700 Maxwell Rd, Chula Vista, CA 91912. The

permittee shall contact the San Diego County Solid Waste Management office at (858) 974-2616 or (858) 974-2620 to arrange for this disposal.

Violation of or inability to meet any of the conditions of this permit, or the detection of any live serious plant pest in a shipment authorized under this permit, shall be sufficient cause for immediate revocation of the permit and destruction of the plant material, or return of the plant material to origin at the expense of the permittee.

Unless earlier revoked, this permit is valid through September 30, 2022.

Sincerely,
